---

With multiple locations across Michigan, including Ionia, Grand Rapids, and a virtual office in Lansing, Vitruvian Health provides a wide range of specialized services. These include treatment for spinal fracture, chronic migraine, primary pain care, and premier medication management. Driven by a commitment to patient satisfaction, the practitioners at Vitruvian Health take the time to listen and explain each patient's underlying condition and the most effective treatment options.

"Our approach at Vitruvian [Health](#) is centered around the unique needs of each patient. We recognize the immense impact chronic pain has on one's physical and emotional well-being," says Dr. Adam Camp, the lead provider at Vitruvian Health. "We combine our clinical expertise with compassionate care to deliver personalized ketamine therapy for advanced pain management. Our goal is to empower individuals to reclaim their lives from pain and enjoy a better quality of life."

Patients have expressed their appreciation for the positive impact Vitruvian Health has had on their lives. The clinic has received numerous testimonials from individuals who have experienced significant improvement in their health and wellbeing. Patients especially highlight the compassionate and attentive staff at Vitruvian Health.

The providers at Vitruvian [Health](#) include Dr. Adam Camp, specializing in interventional pain management and minimally-invasive surgery. Accompanying him is Amy Roy, a nurse practitioner focusing on general pain management, joint injection, and migraine treatment. With a combined clinical experience of 10 years, the team at Vitruvian Health is equipped with the expertise and knowledge to offer effective pain management solutions.
