

FOR IMMEDIATE RELEASE

Dayton, 27/09/2023

DAYTON, NEVADA, July 21, 2023 – Markzware, Inc., the leader in software publishing solutions for document previewing, data conversion, and print quality control, announces the latest version of its stand-alone preview, preflight and conversion application, PDFMarkz®. This PDF converter empowers graphic designers, printers, and publishers to easily open PDF documents in a wide range of desktop publishing applications and file formats.

PDF File Converter

Users can open Canva PDFs and other PDF files in InDesign, QuarkXPress, Affinity Publisher, and other applications, for editing, printing, publishing, etc. PDFMarkz saves so much time, when creatives need to produce documents and when PDF content needs to be extracted and re-formatted.

The PDFMarkz stand-alone application is part of Markzware's "Markz" line of applications. The freebie version of this software enables users to preview native PDF documents and to view document information, for free: <https://markzware.com/products/pdfmarkz/#freebie>

Open PDF files in Adobe Illustrator or other application, then edit them in the chosen destination application, to create professional DTP layout designs. With this version of PDFMarkz, users can also switch between Actual page numbers or Printed page numbers.

Pamela Sackett, Artist/Author/Producer/Founder, Emotion Literacy Advocates, said, "... we developed one of our books ... in Canva. ... up pops a Markzware tutorial telling us that, in fact, THEY can convert Canva to InDesign!"

Canva File to InDesign – a book publisher's experience! (video)

Graphic design software developer, Pamela Sackett, author, producer and language artist, needed to get her book into Adobe InDesign. This video shows how PDFMarkz was able to help: <https://youtu.be/iQK8sfvcOIM>

System Requirements & Availability

System requirements include macOS 10.13 or newer, 4GB of RAM, 1024×768 display, and an Internet connection. PDFMarkz can be purchased through the PDFMarkz page on the

markzware.com website (<https://markzware.com/products/pdfmarkz/#purchase>) or through authorized resellers (<https://markzware.com/support/resellers/>). Pricing is \$199 for a 12-month Subscription and \$299 for a Perpetual license.
