RChilli, a leader in HR Tech, after adding Taleo to its list of Oracle integrations alongside Recruiting Booster, ORC, & Peoplesoft, has announced a strategic partnership with [Camptra Technologies](#), a premier provider of Oracle-based solutions. This collaboration aims to revolutionize the recruitment process for Oracle clients by integrating cutting-edge technology and expertise from both companies.

RChilli's advanced resume parsing technology automates the extraction of key information from resumes, enabling recruiters to quickly and accurately screen candidates. Paired with Camptra Technologies' comprehensive suite of Oracle-based solutions, this partnership promises to streamline and enhance the recruitment experience for organizations leveraging Oracle systems.

With the integration of RChilli's parsing capabilities into Camptra Technologies' recruitment solutions, Oracle clients can expect:

**Efficiency:** By automating the resume screening process, hiring managers in Oracle can save valuable time and resources, allowing them to focus on engaging with top-tier talent.

**Accuracy:** RChilli's intelligent parsing technology ensures accurate extraction of candidate data, minimizing errors and improving the quality of candidate profiles within the Oracle ecosystem.

**Enhanced Candidate Experience:** Candidates benefit from a smoother application process, as their information is seamlessly integrated into the recruitment workflow. The one-click application process reduces job application time from 20-25 minutes to a few seconds.

**Scalability:** The combined solution is designed to scale with the evolving needs of Oracle clients, catering to organizations of all sizes and industries.

"We are thrilled to partner with Camptra Technologies to bring our industry-leading parsing technology to Oracle clients," said Josh Adams, Director of ERP Operations at RChilli. "This collaboration represents a significant step forward in modernizing recruitment processes, and we are confident that our combined expertise will deliver immense value to organizations seeking to optimize their talent acquisition efforts."

Daniel Havens, Director of Cloud Applications with Camptra Technologies, echoed Josh's

sentiments, stating, “The partnership between Camptra and RChilli will deliver value and afford a faster time to market for both new clients, as well as existing clients looking to bolster their talent acquisition efforts. RChilli’s technology stack and capabilities in the parsing space are second to none, and we could not be more excited about becoming an RChilli partner.”

The partnership between RChilli and Camptra Technologies signifies a shared dedication to driving innovation and efficiency in the recruitment space. Oracle clients can now leverage the combined strengths of both companies to unlock new levels of success in their talent acquisition endeavors.
