[Pyper, Inc.](#), an integrated marketing agency headquartered in historic First Block in St. Pete, is elated to announce Angela Stork as their new Creative Director. In this role, she will be responsible for overseeing the creative department and elevating the already high-quality creative output for all of the agency's clients.

Stork's career spans many aspects of the marketing industry—agency, client side, vendor, even teaching. Her most recent role was Creative Director for Invado Group out of Boston, MA, overseeing a team responsible for product launches including web design and development. A native of Michigan, Stork graduated from University of Michigan with a BFA in Fine Arts, and Savannah College of Art and Design with an MFA in Illustration.

"We've spent the past year focusing on tenure and talent of our team over its size," said Kelly Pyper, President, "We hit the trifecta with Angela—she has diverse professional experience as we are not an industry-niche agency, possesses incredible creative talent, and, like the rest of our team, client satisfaction is a true calling for her," she added.

The agency is well-known in the area with a varied client roster including University of South Florida, Priority One Financial Services, The Shops at Wiregrass, St. Petersburg Downtown Partnership, La Segunda restaurants, and was recently awarded the brand refresh for Pinellas County EDC.
