

Santa Cruz, California (Newsworthy.ai) Sunday Nov 19, 2023 @ 5:00 PM Pacific —

Ventana is thrilled to announce the launch of its latest innovation, the [Ventana Wave Pocket Amp](#). This compact, portable amplifier is designed for musicians on the go, regardless of their instrument of choice.

Artisan Craftsmanship: The Ventana Wave is a testament to meticulous artisanship, designed by master artisan Martijn Stiphout in Santa Cruz, California. Each amp is lovingly assembled in our workshop and quality-checked before shipment, ensuring our customers receive nothing but the best.

“This is a little amp with a big punch. It’s beautifully made and perfect for quick jam sessions on the go,” said Carolyn Sills, Western Swing Female Vocalist of the Year

Sustainable Materials: The Wave is crafted with exquisite, uniquely grained Brazilian cherry wood reclaimed from new floorboard offcuts. This durable and wear-resistant wood is among the hardest in the world, ensuring the longevity of the amp.

Innovative Features: The Ventana Wave boasts an adjustable gain/amplification feature, allowing musicians to adjust the volume on their instrument to change the gain to their liking. It also features an embedded on/off power switch, a custom speaker grill designed by talented line art illustrator Drew Graves, and a 1/4-inch amp cable port for easy connectivity with the included cable. The 9V battery can be easily replaced to keep you playing for hours and hours.

“This little amp is a work of art and is great for travel and practice. It was a nice clean sound that breaks up as you move up in volume. Really fun,” said guitarist Daniel Vanek.

Free Custom Engraving: With free, custom name or message engraving, it’s the perfect gift.

The Ventana Wave is not just an amplifier; it’s a revolution in portable music technology. Whether you’re on your next camping, beach bonfire, surf, or stay-at-home adventure, amplify sound anytime, anywhere with the Ventana Wave Pocket Amp.

“The sound quality of this amp is impressive for how little it is, and it carries a crisp tone that sounds vintage at higher volumes,” said acoustic guitar TikTok star, Adam “Surf Bagel” Kagel.

The Ventana Wave is available now at <https://ventanawave.com/amp>
